Is Learning Difficult for your Child?

Come join the conversation with Dr. Balbinder Gill

Dr. Gill is a child specialist who works in Richmond and Surrey and has a strong interest in child development and behaviour. Every child is different. Sometimes they may engage in behaviours that interfere with learning. This could impact their ability to adapt to the environment and build social relationships. Learn more about what to look for as your child develops and how you can support your child's learning at home and at school.
